## **Black and White**

**Bovey Room – 1<sup>st</sup> Floor**

Tonight's journey begins in the Black & White Cocktail Lounge where we see that minimal colors may be just enough. We are displaying two distinct versions on a Black and White theme. Relax with a wine sampling and a nibble of some delicious appetizers that compliment the Black and White theme while listening to the jazz band!

## **Going Green**

**Ballroom – 1<sup>st</sup> Floor - (Left Ballroom)**

It is all about the many shades of Green and being aware of our carbon footprints. The area is bathed in Greenery through spectacular lighting, linens, and lush palm trees – which add a touch of tropical to your party. What Minnesotan wouldn't enjoy a warm escape in the middle of their Winter Holiday celebration? Learn how rental companies can assist in making a positive impact on the environment through reuse, energy efficient lighting, and organic linen selections.

### **Menu**

Citrus Blanched Asparagus with Boursin Cheese Wrapped in Prosciutto

## **Color Impact!**

**Ballroom – 1<sup>st</sup> Floor - (Center Ballroom)**

A holiday party saturated in color makes a powerful statement. Choose a signature color and incorporate through complimentary linen, flowers, lighting, and food. No need to use the same shade over and over – for effect, use various shades of your event's signature color. Try to add a sly, muted pastel or an invigorating pop of color to make a dramatic statement. Tonight we display our version of a party with signature colors of Blue, Burgundy, and Yellow.

## **Color of the Seasons**

**Ballroom – 1<sup>st</sup> Floor - (Right Ballroom)**

Colors can evoke an emotion...transport your guests to another season no matter the time of the year. Bright, cheery colors can create sunny beach scene... Glacial, dark, moody tones can actually make you huddle as if there were a chill in the air. Recreate the time and space where you met a loved one (i.e. Summertime in Miami) or a precious, shared moment (i.e. Ice-Skating from Childhood).
